ANR Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

December 6, 2000.

Take notice that on December 1, 2000, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 2, the following revised tariff sheets, to be effective January 1, 2001:

Fifteenth Revised Sheet No. 570
Second Revised Sheet No. 573

ANR states that the above-referenced tariff sheets are being filed pursuant to the Commission's May 15, 1996 Order granting ANR's request for suspension of the tariff pricing provision of Rate Schedule X-64 in the captioned proceeding. The revised tariff sheets reflect a continuance of the suspension of ANR's tariff provisions regarding the requirement to annually redetermine the monthly charge for services provided to High Island Offshore System under ANR's Rate Schedule X-64.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). ANR Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

December 6, 2000.

Take notice that on November 30, 2000, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets proposed to become effective December 1, 2000:

Forty-fifth Revised Sheet No. 8
Forty-fifth Revised Sheet No. 9
Forty-fourth Revised Sheet No. 13
Fifty-fourth Revised Sheet No. 18

ANR states that the above-referenced tariff sheets are being filed to implement recovery of approximately \$2.2 million of above-market costs that are associated with its obligations to Dakota Gasification Company ("Dakota"). ANR proposes a reservation surcharge applicable to its Part 284 firm transportation customers to collect ninety percent (90%) of the Dakota costs, and an adjustment to the maximum base tariff rates of Rate Schedule ITS and overrun rates applicable to Rate Schedule FTS-2, so as to recover the remaining ten percent (10%). ANR also advises that the proposed changes would increase current quarterly Above-Market Dakota Cost recoveries from \$2,023,299 to \$2,211,370.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. California Independent System Operator Corporation; Notice of Filing

December 6, 2000.

Take notice that on December 1, 2000, the California Independent System Operator Corporation (the ISO) applied in the above-numbered docket for an order, under Section 211 of the Federal Power Act (FPA), 16 U.S.C. 824j, compelling San Diego Gas & Electric Company (SDG&E) to perform those transmission services that are necessary to fulfill the terms of the Transmission Control Agreement between SDG&E and the ISO, the Transmission Owners tariff, and the ISO Tariff. The ISO submits the application as agent for all users of SDG&E's transmission system eligible to apply under Section 211. SDG&E's concurrence is submitted with the application.

The application states that SDG&E transmission and distribution system have been financed, in part with certain "Local Furnishing Bonds," the interest on which is tax-exempt under Section 142 of the Internal Revenue Code. According to the application, Section 142 requires that SDG&E system be operated for the benefit of customers within its service territory, and operation of the system deemed by the Internal Revenue Service (the IRS) to be inconsistent with that requirement would, as a general rule, disqualify all of the currently outstanding Local Furnishing Bonds. The application further states, however, that, under Section 142(f), if disqualifying transmission services are provided pursuant to a Commission order issued under Section 211, only the bonds that financed the portion of the system used to provide such services, rather than all of the bonds that financed the local
